The Kenyan Professional's AI Prompt Library (2026 Edition)

1. Legal & Compliance Audit

USE WITH: CLAUDE.AI

Use this to ensure your contracts or business terms align with the latest Kenyan laws without reading 100+ pages manually.

COPY & PASTE PROMPT

"I am uploading the [Name of Document]. I need you to act as a Kenyan Legal Consultant. Analyze this text against the **Kenyan Employment Act** and the **Finance Act 2026**. Highlight any clauses that are non-compliant, outdated, or pose a high risk to my business. Summarize the changes I need to make in bullet points."

2. M-PESA & Financial Cleanup

USE WITH: CHATGPT PLUS (DATA ANALYST)

Convert messy transaction exports into clean professional financial summaries instantly.

COPY & PASTE PROMPT

"Analyze this CSV/PDF of my M-PESA Business statement. 1. Clean the data by removing failed transactions. 2. Categorize all spending into 'Salaries', 'Supplies', 'Rent', and 'Taxes'. 3. Generate a table showing my total net profit for each month. 4. Create a simple bar chart showing the trend of my top 3 expenses."

3. Fact-Check & Market Research

USE WITH: PERPLEXITY AI

Get verified, real-time data for board presentations or investment decisions.

COPY & PASTE PROMPT

"Search for the current **Central Bank of Kenya (CBK)** base lending rate and the 5 highest-performing SACCOs in terms of dividend payouts for the 2025 financial year. Only cite official government (.go.ke) sources or audited financial statements. Provide the direct links for each source."

4. Social Media Content Engineering

USE WITH: ANY LLM + CANVA

Turn a professional insight into viral "Social-First" news content for WhatsApp and LinkedIn.

COPY & PASTE PROMPT

"Take the key findings from this report and turn them into: 1. A punchy LinkedIn post (300 words) for a professional audience. 2. A 30-second TikTok script focusing on 'what this means for your pocket'. 3. A brief WhatsApp Status update (max 150 characters) with relevant emojis for a Kenyan audience."
